Staying Alive

OPIOID + HARM REDUCTION

Dead People Don't Recover

2 people die every day from overdose.

663 people died in 2018 from fentanyl.

155 people died in 2018 from carfentanil.

80% of all drug/alcohol deaths involve opioids.

Since 2016, over 7,709 overdose reversals were self-reported.

That's 7 lives saved each day by Naloxone.
